

Driven by experience

C-Nautical is a dynamic and innovative manufacturer and supplier of deck equipment. We are your partner in customized deck-equipment. We are driven by years of experience in tailor-made solutions and turnkey operations. We supply our services to shipbuilders, ship-owners and ship-operators as well as to the maritime offshore market. Besides new building design, we are also active in the field of servicing winches, upgrading existing winches and replacement of winches for running vessels. Special attention is drawn to the extreme short delivery times for this kind of customized products and services. Ongoing innovation, sharing know-how for tailor-made solutions and expertise consultancy on anchor-mooring configurations are the business drives for C-Nautical. Long term performance, low maintenance, focus on environmentally and end-user friendly designs show our long term vision.
